

## VBS Snack Guidelines

Our goal is to provide snacks and drinks that everyone can safely enjoy.

- Many of our snacks MAY contain nuts, milk, gluten, egg, and other common allergens. While we do our very best to keep the amount of allergens low, **we cannot promise allergen free snacks.**
- If there are any food allergies, it is the parent's responsibility to make sure they are noted on the child's nametag. We will not give any snacks to the child, except that we will have fresh apples available.
- Parents should provide an appropriate snack for their child if the child has any food allergies. Please clearly mark their name and leave with the Registration Desk and it will be kept safely in our kitchen until snack time.
- We will be providing water bottles, regular and chocolate milk and/or fruit juice drink boxes for drinking at snack time. Please advise your child to select the water option if they should not have milk or fruit juice drink boxes.
- For the children's safety, there will be no exceptions to these guidelines.

Thank you for your understanding and cooperation!

A detailed list of snack options can be provided for those who need to make alternate arrangements. Please contact us directly if you have questions or concerns.
