

IS YOUR PRESCHOOLER READY FOR VBS?

We are thrilled to offer Scuba Vacation Bible School for Preschool. We love our little ones! However, we understand that not every 3 and 4-year-old is ready for the VBS experience. Please prayerfully read through the requirements below and consider whether or not your child is ready for VBS.

In the best interest of your child and the VBS staff and children, we must insist that you only register your child if you can answer yes to each of the points below.

SOCIAL READINESS

- Can be separate from you for several hours
- Can take turns and share toys
- Can listen to simple instructions

PHYSICAL READINESS

- Is potty trained
- Can use the restroom independently
- Can remain awake and alert during the entire time scheduled for VBS

PLEASE NOTE: We have the best interest of your child at heart. If we find that your child is not yet ready for the VBS experience, we will kindly ask you to wait until a future year when your child can better participate in and enjoy Vacation Bible School.
